Re: Additional Records Request

Dear Mr. Tuccillo:

In a December 15, 2010 letter to FTA, the New Jersey Transit Corporation ("NJ Transit") requested the right to inspect and copy certain documents related to FTA's November 24, 2010 Claim for repayment of approximately \$271 Million, as well as potential interest, penalties and other charges, related to the ARC project. To facilitate the identification, and inspection and copying, of FTA's records related to its Claim, NJ Transit attached an illustrative list of records to be inspected and copied by NJ Transit as Exhibit A to its December 15 letter to FTA.

Subject to the terms and conditions of the December 15 letter (including Exhibit A thereto), NJ Transit respectfully adds the following new records request (which should be added as request no. 8 to Category B of the December 15 letter's Exhibit A):

8. All records related to or concerning FTA's and/or the Department of Transportation's offer, proposal or consideration of providing additional funding or financing beyond its \$3 billion commitment to the ARC project (as set upon entry into final design). In particular, all 2010 records related to or concerning FTA's and/or the Department of Transportation's consideration of providing, or offers or proposals to provide, additional funding or financing for the ARC project, including but not limited to such offers or proposals made by Secretary LaHood or his staff in July 2010 through November 2010.

Thank you for your time and consideration of this matter.
